Dear Recruiter,

In my pursuit of new creative endeavors, I was excited to find the DevOps opportunity. As a progressive professional, I believe that I can bring valuable contributions to your team.

Why I want to participate in the competition? Identifying innovative approaches and improved solutions to business challenges both motivate and drive me. Observation, inspiration, and determination are my foundation for success. My philosophy is that introducing fresh perspectives and new techniques allow businesses to evolve and grow. My goal is to remain on the cutting-edge of advancements.

What i want to be when i receive growth?

Formerly in my DevOps Engineer role, my successes have stemmed from essential skills, including Azure and Open source technologies. I have enhanced my collaboration abilities and cultivated a reputation as a major contributor through problem-solving and motivation. I am a collaborative team player who is always searching for opportunities to impart valuable insights. With these qualities, I am able to facilitate positive change and impacting outcomes In the future I am looking forward to develop in Delivery manager, Infrastructure Architect or CTO.

What I am not looking for?
I am not looking for other positions such as Developer or QA.I want to grow and pursue carer as DevOps,Delivery manager, Infrastructure Architect.

For a greater presentation of my background and qualifications, please review my attached resume. I am eager to speak with you and greatly appreciate your consideration.

Sincerely,
Toni Bekirski
